RE: Prison Rape Elimination Act, (PREA) Statistical Quarterly Advisory and Review

---

---

The Wayne County Sheriff's Office is committed to providing a safe environment for detainees and employees in all jail facilities county wide. Toward this end, the Sheriff has made a commitment to strive to comply with all the provisions of the Prison Rape Elimination Act<sup>1</sup> (PREA), including, a zero tolerance for sexual assault and harassment. To reach this goal of zero tolerance for sexual abuse, our employees foster a safe environment in all our jail facilities through awareness and diligence in preventing, detecting and responding to sexual abuse as soon as it is reported or noticed.

In 2021, the Sheriff once again partnered with the Sexual Assault Forensic Examiner's Advocacy Program (SAFE), however, due to the pandemic and safety of the jail, meetings were curtailed and are scheduled to begin again in 2022. SAFE provides any new assault victims and those that may be suffering from past abusive situations in their lives with counseling and support services in addition to those provided by Sheriff's Medical and Mental Health contracted services. Since 2015 hundreds of participants have been seen and counseled by our SAFE Advocates in the jails.

Below are the reported sexual assaults, abuse, and harassment complaints made to the Wayne County Sheriff's Office compiled by the Internal Affairs investigative unit in the collection period for Quarter one 2022, January, February, and March Also last year quarters 2, 3, and 4.

Thank you.

James E. Davis Director  
PREA Coordinator
